

# Wanneroo Secondary College

## Business Plan 2020

*COVID- 19 has had a significant impact on the operations of the college. The overriding aims for 2020 became: -*

- Keeping the students and staff well safe and healthy.*
- Maintaining and delivering high quality education; online and face to face.*
- Maintaining a calm and welcoming environment for the students.*

## INTRODUCTION

The purpose of the Business Plan is to outline the framework that the college will use to support the improvement of the academic performance and the social and emotional well-being of the students. The plan sets out the Key Targets and the Domains that the College's Operational Plan is structured around. In addition, there are specific plans that address new initiatives and some of the key targets that require very detailed tracking.

Wanneroo Secondary College offers a range of educational programs that provide a variety of educational pathways and a range of opportunities. Of particular importance are the Joondalup Senior School Campus, the Learning Centre and the Follow the Dream program.

The College is dedicated to the pursuit of excellence and the development of a supportive and challenging learning environment. Through our shared vision *Dream, Believe, Learn, Succeed* we aim to ensure that all students have the opportunity to achieve their full potential and be positive and effective members of society. We have developed a diversity of programs and opportunities to assist students to achieve their dreams and goals. Our aim is for every student to attain either University Entrance or a Vocational Education & Training qualification by the completion of high school, in many cases both.

The College aspires to assist students to develop an awareness of where they fit in the global community. This is relevant because their futures will ultimately be shaped by a rapidly changing world. The college looks always to the future in developing its programs to ensure that students are well equipped for what-ever careers they may choose.

We recognize that parents are the most powerful educative influence in the life of the child. The home and school are complementary forces in the child's education and therefore parental involvement and interest at all levels is encouraged and appreciated.

## Framework

---

The Business plan is organized around the Domains of the Electronic Schools Assessment Toll, the review mechanism for Independent Public Schools. As this plan is implemented over the next three years, we will maintain our commitment to the belief that every child is entitled to a high-quality education. This plan is expanded into the Operational Plan that details the strategies that will be employed to achieve the colleges aims and targets. At the core will be our *Vision and Values* as well as *Our Way of Teaching & Learning*. By focusing on the priorities of this plan, we believe that Wanneroo SC will make a real difference to our students and the local community.
